Australian Securities Exchange****25 January 2021****CE Mark Examination Certificate awarded to VIP**

VIP Gloves Limited (**VIP** or the **Company**) is pleased to report that the Company has been awarded the CE EU Examination Certificate for the distribution of nitrile gloves throughout the European Union.

A Conformité Européenne (CE) Mark is defined as the European Union's (EU) mandatory conformity marking for regulating the goods sold within the European Economic Area (EEA) since 1985. The CE marking represents a manufacturer's declaration that products comply with the EU's New Approach Directives.

These directives apply to products sold within the EU and products that are manufactured in or designed to be sold in the EEA. The CE Mark proves that the Company's nitrile gloves conforms to EU health and safety standards

Executive Director Mr WM Chen said, "Obtaining the CE Mark would allow VIP's products to command higher selling prices while enabling us to expand our product distribution network directly to the European distributors as well as selling our products to existing distributors who service the European market."

Application is currently pending for certification of the Company's nitrile gloves from the Food and Drug Administration (FDA) of the United States of America.

This announcement has been approved by the Board of VIP Gloves Limited.
